LOCAL RULES AND RECCOMENDATIONS

The “Desert Rule” applies to all native areas. The rule allows you to drop your ball from the last turf crossing point, within 2 club-lengths no nearer the hole, for a 1-stroke penalty. If you decide to play the ball from where it is lying, you can ground your club and move loose impediments that are in the way.

- Drop areas on #3 & #17.
- Your position on the course is immediately behind the group in front, not immediately in front of the group behind.
- Relief stations are located at the clubhouse and near Holes 5, 11, and 14.
- Rattlesnakes, other dangerous animals and spiky plants are part of the environment. Searching for balls and walking through the native areas, is under the player’s responsibility.

For information on Real Estate and golf course membership, please visit the golf concierge desk in the front lobby of the resort.
